LOCAL.

THIS IS LEAP YEAR.

DATE YOUR LETTERS 1892.

WM. Macdonald, of Bears Hill, was in town this week.

THERE was an inch of snow fell on Tuesday and sleighing is excellent now.

W. GORDON CUMMINGS, of the Quorn rancho, Calgary, arrived on Thursday's train.

MRS. A. R. LANG, of Fort Saskatchewan, is improving and is considered out of danger.

S. LUCAS, of the Peace Hill farm, came in on Monday's and returned on Friday's train.

THE Dominion Building & Loan Association has established here with Beck & McNamara as agents.

S. S. TAYLOR, of Taylor & Taylor, barristers, arrived from Saddle Lake on Wednesday from a holiday trip. He came from Saddle Lake to Edmonton, a distance of 120 miles, in 16 hours, including delays and stoppages.

A FIRE caused from clothing being left against the stove pipe in the hired girl's room above the kitchen, in J. Ross' dwelling on New Year's day, burned a large amount of clothing and damaged the floor considerably.

C. PAINE, late of the N. W. M. P. force of Fort Saskatchewan, and who left for Halifax, N. S., arrived on Monday's train. He made the trip to Halifax, stayed 6 days and was back to Edmonton in 18 days. The distance is something like 8,000 miles travelled.

JOHN Burns, of Winnipeg, representing the Ogilvie milling company, arrived on Monday's train with the object of buying wheat in this market for that concern. Mr. Burns has bought wheat for some years in Manitoba and his coming here will do a good deal to settle the question of what our grain will grade. Mr. Burns is much impressed with what the has seen of our country and its resources. He will start buying wheat on Monday.

G. REID, brother of J. Reid, of the Sturgeon settlement, while cutting fence rails on Saturday last, had the misfortune to cut his foot, the axe going between the first and second toes of his right foot, and cutting a gash about 3 inches long, through the bone and leaving a very serious wound. At last accounts the injured limb was doing well, but Mr. Reid will be confined to the house for two or three months. He dressed the foot himself.

THE Dominion Illustrated of 19th December is fully up to the usually high standard of that paper and contains a number of capital illustrations, among which are a number of views on the Ottawa river; several scenes at the barracks of the Royal School of Cavalry, Quebec; winter scene at the back of Mount Royal, Montreal; the government buildings, Montreal, and reading matter of a very interesting nature. This paper will be issued in January under the name of the Dominion Illustrated Monthly at \$1.50 per year.

JAMES McDONALD, the secretary of the Edmonton curling club, received a letter from the Calgary club this week in which they express a wish to play the Edmonton curlers a friendly game in Edmonton and also one in Calgary. The present weather ought to make the game here boom, and it is to be hoped that the matches will be arranged. The C. P. R. have given very favorable rates over their line for the bonspiel in Winnipeg, the fare from Edmonton to Winnipeg being \$34.60 for the round trip. Playing on the schedule of games will commence on Tuesday the 5th January, and ships should see that their rinks are entered before that date.

CALGARY Tribune, December 24: Mr. Steele, photographer, of Winnipeg, who has been up in the Edmonton district for some months taking views, arrived here yesterday on the C. & E. train. He reports everything booming to the north, the only complaint being that the railway rates are ruinously high. While at Fort Saskatchewan he met two farmers from Dakota who had been delegated by a large section in that state to examine into the prospects of the Northwest, its soil, climate, etc. They were highly delighted with what they saw, and their report will, without doubt, cause a considerable influx into the Territories in the spring. Mr. Steele left for Winnipeg this morning.

THE announcement of the establishment of a Canadian illustrated monthly magazine is a source of gratification to the very large class of readers who have been waiting to welcome just such a periodical from a Canadian publishing house. The Sabiston Litho. & Pub. Co., Montreal, have taken the decisive step, and the first issue of the Dominion Illustrated Monthly will make its bow to the public during January. It will be a 64 page magazine, handsomely illustrated, and Canadian and

patriotic in tone. The most gifted of Canadian authors will contribute to its pages, making it a most desirable family magazine for all Canadians especially. The subscription price, \$1.50, places it within reach of all.

EDMONTON BULLETIN, JAN. 9, 1892.

WINNIPEG EXHIBITION OF 1892

The following letter has been received from the officials of the Winnipeg Industrial Exhibition:

WINNIPEG, MAN., 9th Dec. 1891.

UNAS SUI: The Directors of the Winnipeg Industrial Exhibition Association are anxious that Farmers should be acquainted with the fact that the following resolution was unanimously passed at the last meeting of the Directors: Resolved—"That in the opinion of this Board of Directors, the Exhibition for the year 1892 should be held in the month of July, and we recommend that date to our sponsors in office." The consensus of opinion seems to be in favor of holding the Exhibition for 1892 in the month of July. Large prizes will undoubtedly be offered for grain (of the 1891 crop), and it would be well if intending exhibitors will carefully select and preserve sufficient quantities of their best grain, of all kinds, for competition. The Directors are pleased to say that the Canadian Pacific Railway Company have agreed to offer the same passenger and freight rates as prevailed last year, viz.: Passengers at a single fare for the round trip to points taking no more than 48 hours, and one cent per mile each way for distances beyond. Exhibits of all kinds will be carried free, both ways, if they do not change hands. The other railroads will no doubt grant the same rates. The Annual Meeting of the shareholders will be held on the 10th January, when the date for the holding of the Exhibition will be definitely decided. Please give the greatest publicity possible to the contents of this circular. Your obedient servants, A. MACDONALD, President; CHAS. N. BRILL, Sec. Treas.

The intended change in the date of holding this exhibition is one which, in our opinion, cannot help but be productive of a much larger exhibit of the products of the different districts of the Northwest and Manitoba than was attained under the time of holding the same last year, more particularly as regards the exhibits of grain. To denote this exhibition at a time when every farmer, in these districts, is busily engaged in harvesting his crop, is not certainly the moment to choose to invite competition amongst them, nor can the best results of the growth of different grain crops be shown at such time when everything has to be hurried. It is a particularly unfortunate time for the Northwest as from the distance that separates many points from Manitoba, it is almost impossible for them to get their productions ready in time to compete. This was the case with us last year when we were able to send only a very small display, not, however, from any lack of the where withal, but simply because the necessary grain could not be threshed at that season.

We took two first prizes for the only two exhibits sent which speaks well for our district. The change in date will put us on equal footing with Manitoba and it is to be hoped that the agricultural section and the farmers who support the same will make an earnest and united effort to prepare at once and select an exhibit from our grain crop of 1891 which will place the productiveness of this region before the public. Now is the moment for action in this matter and no time should be lost in taking steps to make Edmonton's exhibit for the Winnipeg exhibition of 1892 a success.

Statistics kept by Mr. Bennett, Dominion immigration agent at Winnipeg, show that from the first of January last to the end of October, 15,000 immigrants arrived in the country, as against 11,910 for the corresponding period 1890, an increase of 1,121. The arrivals for the respective months were as follows: January, 323; February, 430; March, 5,007; April, 2,462; May, 1,916; June, 1,200; July, 1,009; August, 1,009; September, 1,101; October, 916. Mr. Bennett states that the immigration this year has been of a very satisfactory kind, the most of the new comers being practical agriculturists and possessed of more or less means, and they went directly to farms. Those who were without sufficient capital or experience secured employment with farmers with a view of taking up land when they were in a position to do so.

J. A. Codd, president of the Great Northern Central railway, arrived in Winnipeg recently. Interviewed by a Free Press reporter, he said the affairs of the company were in good shape. So far the most encouraging success had been met with. Comments had been made that the road had not been extended as fast as it might have been, but he said "we could not extend a road that we had not got, now we have got it we propose to extend it just as fast as the contractors can prosecute operations."

The President and Secretary of State have had several consultations recently in regard to the coal fisheries. An agreement having been reached with the British government as to the basis of arbitration, all that now remains to complete the convention is an agreement as to the arbitrator. This, too, has practically been done, so far as the number and powers of the arbitrators are concerned, and it is confidently expected that their appointment and the terms of arbitration will be officially announced in a few days. The negotiations have been made, and await only the concurrence of the governments interested.

GENERAL NEWS.

A company to manufacture binder twine is being organized in Winnipeg.

Winnipeg Argus printing and publishing company, Winnipeg, are applying for incorporation.

A new paper, called the News, has made its appearance at Rapid City. It is published by M. Morris.

The local board of health of Toronto report for the year ending November 15th shows the death rate to have been 19.7 per thousand.

Lt. Col. Irvine, who was for a number of years commissioner of the N. W. M. Police, has been appointed Indian agent on the Pelican reserve, Fort McLeod.

Walter Borthwick, farmer of the south concession of Beverley, Ont., while on his way home from the city, was thrown from his vehicle. His head struck against a stone and the back of his skull was smashed in. He cannot recover.

The Lethbridge board of trade has the following new officers: President, Mr. Sherlock; vice-president, Mr. Higginbotham; secretary, W. V. Gallier, re-elected by acclamation; treasurer, Mr. Kevin; executive committee, Messrs. Bentley, Henderson, McNabb, Turner and Curry.

The saw mill at Golden, says the Era, is at present engaged in cutting timbers for a new vessel to be built this winter or early next spring, by the Upper Columbia Navigation Co. The steamer will be of good size, and is intended for the upper river trade. She will be finished in time to be used next season.

A dispatch from Biarritz says there is no truth in the story published to the effect that Gladstone had been blackballed by the English club of Biarritz, an organization composed in the main of Conservatives. On the contrary, it is added that both Gladstone and Morley have been unanimously elected members of the club referred to.

The position of the forty five election petitions in Ontario stands thus: Unseated, Liberals, 10, Conservatives, 6; dismissed, Liberals, 10, Conservatives, 8; vacant by death, 1 Conservative; awaiting judgment, Liberals, 4; awaiting trial, Liberals, 6, Conservative, 1. The probabilities point to forty by-elections before Parliament meets.

It took the Norwegian team exactly 29 minutes to pull the Canadian team off their feet at the New York tug of war recently. The Scotch team won from Denmark in 8 minutes, the Americans won from the English in 35 minutes. The German and Swedish teams had the longest pull on record, 29 minutes and 24 seconds, the former winning. The Italian team won from the Irish team in 39 minutes.

The Eclair, of Paris, France, publishes an interview with Mr. Fabre, the Canadian commissioner in this country. Mr. Fabre said he felt certain that the colony of Newfoundland, would join the Dominion of Canada; as in view of the embarrassment which the government of the colony had created in the relations between Canada, Great Britain and France, the Imperial government would insist upon the incorporation of the colony with the Dominion.

Calgary Tribune: It is reported that one hundred and thirty-seven charges have been brought against commissioner Herchmer, and that the offences alleged against him are of a most miscellaneous character. Chief among those who have been instrumental in bringing these charges against the commissioner are Messrs. N. F. Davin, C. E. D. Woods, T. G. Johnson and Z. T. Woods. Ten charges have been brought against assistant commissioner, Wm. Herchmer.

Frederick William Stobert, wholesale merchant; Augustus Meredith Nanton, broker; Daniel Emes Sprague, lumber merchant; Walter Thomas Kirby, insurance agent, and Heber Archibald, barrister, all of Winnipeg, seek incorporation as the Northwest Wire company, (limited), with a capital of \$50,000. The new company is establishing a wire factory in Winnipeg, which, it is expected, will be ready to commence operations in January next. This will make the second wire factory for Winnipeg.

Calgary Tribune, December 26: We understand that at a consultation of the judges of the supreme court, at Regina, an important decision was arrived at in regard to the registration of instruments in the land titles offices, namely: that the registrar must receive, enter and register any proper document presented to him, whether the duplicate of title is presented to him or not. The effect of this decision will be that any certificate of title is conclusive evidence of title only to the date of its issue, and the title will be subject to any liens, interests, encumbrances, etc., which may be registered, subsequent to the issue of the certificate, upon the register in the land titles office. When a purchaser or mortgagee wants to be satisfied as to the state of title, it will not do for him to look at the certificate of title alone, but he will also have to search the registry office for documents that may have been registered but not endorsed on the certificate, as well as for judgments, executions, etc.

The Prince Albert Saskatchewan, of December 23rd, is printed on pale pink paper and contains a number of Christmas stories. The edition is enlarged and it is in all very neatly got up.

The Neepawa Register says: "There is a feeling among the farmers that wheat will take a decided advance towards spring, and this is inducing many of them to hold it over, having raised money on it to meet present liabilities. The local banker informs us that he is loaning money in this way at a rate of one thousand dollars per day. About two-thirds of the present estimated value of the grain is the proportion advanced. If the wheat be in a good granary it is not necessary to draw it out in order to raise money on it, but if the granary be full the wheat is placed in the Farmer's Elevator, and the money advanced on the security of the warehouse receipt."

The Breeders' Association for Manitoba and the Territories, was formed at Winnipeg, recently, for the purpose of encouraging the breeding of a fine class of horses, etc. The following officers were elected: Dr. McCougen, Gregor, Winnipeg, president; Dr. McCougen, Morden, vice-president; W. L. Paxley, Westbourne, 2nd vice-president; W. J. Hume, Winnipeg, secretary; D. B. Carrique, Winnipeg, treasurer; executive committee: M. M. Ross, D. Hope, Winnipeg; N. Boyd, Carberry; F. Edwards, Brandon; Lindsay, Stonewall; R. F. Edgar, Brandon; F. G. Fortin, Fort St. James. After other formal business, etc., had been transacted, the meeting adjourned until the second Wednesday in January, when the executive committee will report on the constitution, by laws and membership.
